

Darci Lane  
Bangor  
LD 727

Please pass LD 727, an act to repeal certain immunization requirements for schools. Schools should be inclusive to all children regardless of the parental beliefs about vaccinations. If parents want to vaccinate their children then that means those kids would be protected should there be an outbreak of that illness. The ones that are not vaccinated may be at risk of contracting an illness and if you need parents to sign waivers then choose that over preventing the child from attending . Please pass LD 727 . Ask yourselves" are schools open to provide a service or are they there to segregate?"

Thank you
