To chair person n transportation committee,

I have been a hiker n biker, walker for yrs now but out here in Cornish where I live everyone has to drive so far away to do these adventures. This is good for everyones health n families who have young children n can go walking often if this bill passes..we have to drive to PORTAND, SCARBOUROUGH, FRYEBURG the closes places to do these outdoor activities...this is all learning experiences for all of us seeing trees,,flowers, n animals,,even in winter a great place to snow shoe n enjoy the winter.If it were not for these trails I go to I would not be in the shape I am today at the age of 82. These trails mean lots to all of who enjoy the outdoors.

I do hope you pass this bill for all people in YORK county who just love the outdoors n would enjoy doing more having trails closer to us in CORNISH, HIRAM, BALDWIN areas.

Thank you for your time..Calista Cross in Cornish
