

Bill Boles  
New England Mountain Bike Association  
LD 956

I am writing today to urge the committee to support LD 956 - A bill to authorize a 12.26 mile expansion of the Down East Sunrise Trail from Ayers Junction to Calais. This extension of the existing trail will benefit not only the members of the New England Mountain Bike Association's 8 local chapters but benefit all of Maine's citizens.

We hope that you will look favorably on this legislation.
