I VERY STRONGLY URGE you to vote OUGHT NOT TO PASS on LD850, An Act to Amend the Motor Vehicle Laws. This is ridiculous bill to pay for your vehicle registration at a kiosk. This would mean spending hundreds of thousands, if not millions of dollars on building these kiosks. Then an army of people to fix and repair them because they will breakdown. Probably quite often because that is the nature of computers. They will have to have someone to be around to help people figure out what they are supposed to do. It will have to be disability accessible so it will need a lot of mechanical features. If it makes a mistake, who will be able to fix it. Maybe a few trips to Augusta will do it. It is a service, already done very well by our town clerks and it isn't broken, so DON'T FIX IT, PLEASE! Vote OUGHT NOT TO PASS on LD850, a very unnecessary bill! Thank you!
