LD 174

Good morning, good afternoon,

I vote OUGHT TO PASS TO BOTH LD 174 - An Act to Restore Religious Exemptions to Immunization Requirements &

LD 727 - An Act to Repeal Certain Immunization Requirements for Schools.

Both of these are ESSENTIAL and fundamental rights for all human, regardless of their medical status. Nobody can pass an infection they do not have. Inoculation does not prevent transfer. The blood, lung fibroblast or tissue of one's miscarried or aborted child shall not be forcibly shoved into another without their consent, under the threat of removal of work or schooling. No child left behind, truly this time.
