LD 727

My name is Tiffany Kreck, I am from Lamoine Maine, and for 6 years I have worked as the executive director of Health Choice Maine. In that time, I have assisted countless families in navigating 798 and the effective of its implementation. Having been at the forefront of the original passage of 798, I can say categorically that the vast and nuanced impact of 798 has far exceeded that which was intended. I have been witness to the many Maine families that have been harmed by the nuances that were never and could never be accounted for. So on behalf of myself, my family, and the 6,000 maine families we represent, I urge you to stop the damage and pass LD 727.
