

Denise Nemeth-Greenleaf
AFGE DEFCON
LD 874

Senator Bailey, Representative Mathieson, and esteemed members of the Health Coverage, Insurance and Financial Services Committee, I am Denise Nemeth-Greenleaf, the Vice-Chair of the Department of Defense Conference of the American Federation of Government Employees (AFGE). I represent thousands of employees across Maine and the nation, dedicated to serving our country. As leaders of DEFCON, we are committed to addressing the increasing challenges that federal employees face, which affect their professional lives as well as their families and communities. Given the significant improvements that LD 874 could provide for federal employees during uncertain times, I am here to express my support for LD 874.
