Dear folks on this committee:

I am writing today to strongly urge you to pass this bill, as this idiocy would damage our electoral college process, which still has tons of validity in this modern world! It gives Maine a voice, as it does to most rural states with smaller populations. To do away with the electoral process would only allow corrupt, leftist run cities like New York and Chicago steer most national elections, and the rural states would lose out big time. Stop this idiocy please, and support this bill!

Yours truly,  
James Andrews
