“An Act to Allow Teachers to Qualify for Overtime Pay”

Presented by

DEMOCRATIC SENATOR AMY ROEDER – BANGOR

April 10, 2025

Testimony by

Steven C. Sheppard (USN veteran ET3/“write-in” candidate for Governor of Maine)

I graduated from good high schooling in 1987 at Sea World in Orlando, FL; I graduated from Lake Howell High School in Casselberry, Florida. After high school I went straight to Tiffin, Ohio on a partial football scholarship. After one year of college, I had been freshman body representative, treasurer, freshman letterman/varsity punter and President of the TKE fraternity.

My teachers were 96% percent **good** the entire time I was in grade school, high school and college. In the sixth grade I remember Mrs. Sillers admitting to me that I would be President some day. I would allow Maine’s teachers at least have their overtime pay now that I am here.

Give them their overtime hours please sirs, ladies; they deserve that much love from the elite such as myself. My teachers did well. I did as much as I could.

Thank you,

Steve
