

Mary Batt  
Farmington  
LD 362

I am writing in support of LD 362.

I was very happy to learn that the trail bond passed as I do a lot of hiking, skiing, and horseback riding in the maine woods. At age 78 it is one of the few things that gets me outside and keeps me active!

But without the land to go with it, having great trails doesn't help. So please please please, pass this bill and help keep us maine seniors, active and healthy.

Thanks so very much from the Farmington resident, Mary Batt
