I support LD 1481 “An Act to Amend the Law Governing Stabilization of Property Taxes on Homesteads of Individuals 65 Years of Age or Older” and LD 1541 “An Act to Provide Property Tax Relief for Senior Residents.”

The previous property tax stabilization program for seniors lasted less than one year before being repealed. Apparently, the program was deemed to be unsustainable. With these bills, I hope that issue has been rectified.

As a property owner, I know the burden my high property tax places on my budget. Per WalletHub, Maine property taxes ranked fifth highest nationwide!

ANYTHING that can give us taxpayers and property owners some financial relief would be appreciated!

I support LD 1481 and LD 1541 and they “ought to pass.”
