

Kathy Strand  
Portland  
LD 208

I believe in the U.S. Constitution's Bill of Rights and that includes the full text of the 2nd Amendment but I am also a firm believer in gun safety and these two statements absolutely complement and support each other. All the gun owners I know agree that gun safety is paramount and the data is clear that ensuring gun purchasers have 72 hours before taking ownership of their new firearm is an effective gun safety measure. Therefore, I urge members of the Judiciary Committee to vote OUGHT NOT TO PASS on LD208 which would repeal this important gun safety measure that passed last year
