

Emily Perkins
Brunswick, ME
LD 577

Hi, my name is Emily Perkins, and I am a constituent. School meals for all is a very important policy to me and my profession. I am a graduate student in the field of nutrition and through my supervised practice hours, I have witnessed firsthand how school meals help families to meet the nutritional needs of their children. Grocery prices and hunger are increasing in Maine, and school meals feed over 100,000 kids across our state every day. I support Maine's continued investment in this important program!
