

James Andrews
Sidney
LD 406

To members of the Labor Committee:

I am begging all of you to entirely support this bill, LD 406, and stop punishing us out here i the real world! We are being taxed too much already, and this is not fair to most working class Mainers or retirees either! We need to stop this blatant, overly socialist theft, once and for all. Thanks for your time.

Yours Truly,
James Andrews
Sidney, Maine
