

Annie Turnbull  
Brunswick  
LD 1474

I am writing in support of LD 1474, which will provide the necessary resources in classrooms and in the Maine Department of Education to support and enhance LD 291. This legislation will connect Maine educators and students more meaningfully to the state's history and will also ensure appropriate compensation to Wabanaki advisors. This would be a wonderful step towards supporting and incorporating indigenous studies in a more robust way.
