Topsham
LD 1474

As a Maine citizen, I support LD1474, An Act to Strengthen the Teaching of Wabanaki Studies in Maine Schools.

I believe students receiving an education in Maine deserve to learn about and understand our state's history in its entirety, as this will serve to bolster our community moving forward. Maine should pride itself on equitable inclusion of all of its peoples. Maine schools must comply with LD291, we cannot allow our indigenous neighbor's history and lives (past, present, and future) to be overlooked or suppressed.
