Topsham
LD 957

As a Maine citizen, I support LD 957, An Act to Integrate Asian American, Native Hawaiian and Pacific Islander History into the Statewide System of Learning Results

Maine should pride itself on equitable inclusion of all of its peoples. All Mainers; their cultures, histories, and lives should receive the same level of attention and respect within our education system. No student in Maine should go through our education system with gaps in their knowledge base as vast as multiple groups of people's history.
