LD 1534

Dear Members of the Housing Committee,

My name is Nancy. I'm a renter in Brunswick. I currently have a good living situation with a nice, reasonably priced apartment and a good landlord. I'm writing to oppose LD1534. Rents in Brunswick are high, but have plateaued, and the increased supply of new apartments appears to be driving rental prices down. LD1534 will discourage new development, leading to future housing shortages. I urge you to let the housing market continue to correct its self by opposing LD1534.

Thank You,

Nancy
