

Caroline Daigle  
Brunswick  
LD 1522

Senator Curry, Representative Gere, and honorable members of the Housing and Economic Development Committee: my name is Caroline Daigle, I live in Brunswick and I am testifying today in support of LD 1522. Working in the hunger relief sector, I see how destabilizing and stressful losing your housing or being threatened with losing your housing can be. Providing people with the resources to avoid eviction and maintain a stable housing situation gives them so much more space and bandwidth to handle food, education, medical care, and more.
