

Randi Bradbury  
Houlton  
LD 1304

As an over 65 senior resident of Houlton I respectfully request that this bill be passed in support of helping our elder population with the increasingly heavy burden of property taxes. We are being taxed out of our homes while the increased cost of living is skyrocketing. Most of us live on a diminishing retirement income and some have only their SS and equity in our homes to fall back on. Please help us to live out our last years with dignity and this measure of economic relief. Thanking you in advance.  
Randi Bradbury
