LD 297

Dear Environment and Natural Resources Committee Members,

Please oppose and do not pass LD 297.

I strongly oppose LD 297. For 30 years I have driven by Juniper Ridge. It caused and continues to cause me incredible concern. It is shocking to me that we took out of state waste. Why would we threaten our beautiful environment by adding more waste to ours? We should be reducing waste, not adding to it.

LD 297 rolls back hard won legislation that closed the loophole allowing for dumping of out of state waste at Juniper Ridge Landfill -- a major environmental concern.

We cannot go back to that.

Please oppose LD 297.

Thank you,  
Mary Dunn
