

Jane Perry
Vassalboro
LD 1149

Absentee voting is very important to myself and my husband for several reasons. We live in Vassalboro but the town is very spread out and it is quite a production to travel to town hall, then stand in line to vote. Receiving an absentee ballot ahead of time allows us to research any items on the ballot that we may not have been familiar with. Having recently signed up to receive an absentee ballot are you now telling me that this option will not be honored??!! Thank-you for your time and consideration.
