Hello, my name is Katharine Moreau and I reside at Mountain View Estates in Bowdoin. I am writing in my support of this bill as a way to prevent the ever increasing rent hikes for mobile home parks. As a hard working resident the unfair rent increases are very upsetting for someone who is simply trying to live. Home ownership is new to me and hearing about these increases from companies that are not invested in our community is disheartening. I ask that you please consider this bill as a person getting accustomed to home ownership and building a family. Thank you.
