LD 870

Let me begin by stating my opposition to LD 870.

I have been attending may of first Land Use Regulation Commission and now Land Use Planning Commission meetings since the late 80's to the present day. I have been either as a presenter or an observer. At one time I traveled to Rangeley to be heard before the Commission. It is my firm belief that the process by which the planning commissioners are chosen is far superior to the old LURC method.

Paragraph 1: Keep it at one Governor appointment. I see no reason to change criteria by which a people chosen. We have a system that works, so why change it.

The same thing goes in paragraph 2, keep it the same.
