LD 1696

To Senator Tepler, Representative Doudera, and ENR Committee Members,
My name is Eleanor Weisman and I am a resident of Belfast, ME. Please accept my written testimony in strong support of LD 1696 "Resolve, to Study Maine's Absolute Dominion and Beneficial Use Laws Relating to Water Rights". Our current environmental concerns include ensuring there is clean water for all residents in Maine and our laws are out-dated for safe and equitable ground water regulation. It is time to establish a task force to study Maine's ground water situation and to devise appropriate laws for regulating use of our water. Thank you.
