

Michael Levey  
Winthrop  
LD 1149

I am Michael Levey from Winthrop, Maine. I oppose LD 1149. There is no need to make it harder to vote for those who need or choose to vote by absentee ballot. There are no problems with voting by absentee ballot, and therefore there is no need to fix that process. Nothing should be done to hinder access to the ballot for every voter. Expanding access to the ballot is good government. Thank you
