

Jeff Kellar
Falmouth
LD 1787

As a concerned Maine voter, I support LD 1787 because it's a non-partisan way to strengthen our democracy. A District Attorney or another elected law enforcement official should be independent, and accountable only to the constituents and the law. They should be free from the pressure of asking for money from friends or donors in order to run for office. Clean Elections protects our democracy from favoritism. Please vote to expand Clean Elections to these important positions in our government.
