

Shelley Fritz  
Brunswick  
LD 1637

Senator Daughtry's MRRA Reform Bill, introduced as LD 1637, is a critically important piece of legislation that needs to be passed.

MRRA ought to be monitored and overseen responsibly by the State of Maine. However, Maine has not done a sufficient job and MRRA has turned into a far-too-rogue quasi-governmental organization without appropriate accountability mechanisms.

MRRA has clearly acted often in ways that undermine the public's best interest, the best interests of Brunswick, and Maine as a whole.

MRRA's lack of responsibility, environmental stewardship, and accountability has, and is, endangering the financial well-being of both Brunswick as a town and the State of Maine.

For these, and for many additional reasons, MRRA needs to be restructured, and appropriate accountability measures need to be put in place.

Therefore, please pass Senator Daughtry's LD 1637 legislation as a step in the right direction.
