LD 1149

I am a senior and oppose bill LD1149. Absentee voting is very important to me as well as to so many seniors who would find it difficult to vote if enacted. Has there been rampant voter fraud in Maine? The answer is no so this bill makes no sense. It's an undemocratic solution to a non-existent problem. Why would you want to turn our state from a high voter turnout rate to a low one? Please don't restrict our access to the ballot box, a most fundamental right.
