

Mary Born  
Brunswick  
LD 1743

I urge you to support LD 1743, which would allow municipalities to prohibit guns within municipal buildings, in polling places, or at public events in municipal buildings. This does not affect gun ownership, but rather just limits where people can legally carry guns.

This bill would make officials and the public both feel safer and be safer in these public settings.

Please support LD 1743.
