LD 1149

I am submitting testimony for LD 1149. I am opposed to this bill because it will eliminate absentee voting.

I rely on absentee voting because I'm an elder in a rural area. My husband also votes absentee ballot and we have many friends with health and mobility issues. They are unable to easily get to the town office or hall to vote.

This bill is creating severe barriers to vote, which in essence is causing voter suppression. It ought not pass.

Thank you.
