LD 1149

Dear Senator Hickman, Representative Supica, and members of the Joint Standing Committee on Veterans and Legal Affairs,

I am testifying in opposition of LD 1149. These restrictions will negatively affect all voters, especially seniors and rural communities. Evidence suggests that voter IDs don't prevent voter fraud. Taxpayers will also be responsible for funding a new system. I urge the committee to oppose this bill. Thank you for your time and for the opportunity to testify.
