I am writing in support of LD 1723: An Act to Amend the Laws Governing
Manufactured Housing Communities to Prevent Excessive Rent and Fees Increases

The affordability of housing is in crisis mode in rural Maine. It's vital that this source of housing stays within the reach of those who live in these communities and those who desperately need housing. Our state cannot afford to lose any more affordable housing stock.

I've had my grown daughter and her two young children live with me and my husband until she could afford the deposit on a rental. Thank goodness she found a place to live. Many cannot.

I ask you to support LD 1723.
