

Marissa Kowalski
NH
LD 1847

This bill would limit my access to affordable quality medical cannabis which, has greatly reduced many of my daily symptoms. I appose LD 1847. It seems unnecessary to track and trace so intensively cannabis of all things. There is no track and trace on alcohol even though alcohol causes so many deaths, accidents, injuries, arrests however, just about anyone has access at any time. Cannabis is Medicine let's keep it that way.
