LD 1844

I'm writing in support of LD 1844, An Act to Expand the State's Workforce by Supporting the Transition from Incarceration to Employment. This is a bill that will ensure that everyone has access to reentry programming within the areas of healthcare, financial planning, technology, and employment, during the last six months of their sentence, especially those individuals who have been isolated or incarcerated for a long time. It's so important that anyone reentering their community after incarceration has adequate support to thrive, that's how we reduce recidivism and maintain public safety. I urge you to please vote unanimously 'ought to pass' and give everyone currently incarcerated an opportunity to reintegrate with the tools and skills needed to rebuild their lives after incarceration. Thank you.
