Acton  
LD 233

I support LDs 233, 868, 1002, 1134, and 1704. Keep boys out of girls' sports and bathrooms!

This is common sense legislation. It's outrageous to think otherwise! Biological males have no business being in biological female's locker rooms/bathrooms, or competing against them in sports programs. It's dangerous, and totally disrespects biological females. It's a travesty that women's sporting opportunities have been ruined by the State of Maine.

Many Maine politicians and unelected bureaucrats have totally disregarded the fact that a large majority of Americans (~80%) DO NOT want biological males competing against biological females, or have them in the girl's locker rooms/bathrooms!

Furthermore, Federal regulation must be followed. The State can make more strict regulations but they cannot avert the higher Federal law. The fact that this even has to be addressed is absurd and nothing more than a rebellious effort against the current administration.

The State of Maine is mandated to comply with Title IX Federal law.

I support LDs 233, 868, 1002, 1134, and 1704 and they "ought to pass."
