

Jonah Crema
Providence, RI
LD 1897

My name is Jonah Crema I am a resident of Rhode Island i am a cannabis medical patient and I want to see outdoor cultivation of cannabis supported through the passage of LD1897. I want more access to the sun grown products especially from the amazing medical caretakers you have in maine and would like to see the steps taken to reduce energu use in the cannabis industry. Thanks for you time and please vote ought to pass on LD1897
