

Sadhira Taylor
Mechanic falls
LD 104

I am a small caregiver operation in mechanic falls Maine. We deal
Directly with patients. I do this to help people
With conditions like cancer and seizures. I hope this bill does not get passed because I
will no longer be able
To afford to grow for my patients. Testing is very expensive and the wait time
sometimes can also be long. Many companies in adult use just radiate all the weed to
make it pass testing. This does not help
Anyone besides the testing companies and metrc. Please veto this bill
