

Emma Maasch
Harpwell
LD 104

"My name is Emma Maasch

I am a resident of Harpswell

I am a medical patient and I want to see outdoor cultivation of cannabis supported through the passage of LD1897. I want more access to sun grown products and would like to see the steps taken to reduce energy use in the cannabis industry. Thank you for your time and please vote ought to pass on LD1897"

I also oppose LD104 and 1847- I stand with small farmers and against big farm interest. I demand that my medicine growers are uplifted by the law.
