

Amber Patterson
Fayette
LD 1847

Hello,

My name is Amber Patterson, I am a medical cannabis patient and assistant in the industry since 2015. I'm writing in regards to ld104, this is an extremely invasive bill that we have fought to keep out of our medical program multiple times in the last 10 years. It's frustrating to come sit in the state house with 150 plus people against these bills. I am sitting in the 3rd overflow room and will not have the opportunity to testify in person due to the amount of people here already. We are almost all parents and business owners here. It's shocking to see how many small families and businesses that are going to be put out of business if bills like ld104 and led 1847 are enacted. We are a cottage community. Maine deserves to keep the cannabis industry that we built!

Thank you
