

David Stephenson
Hazy Hill Farm
LD 1840

Hello my name is David Stephenson. My wife and I are the owners of Hazy Hill Farm. We have 3 children that we support with our cannabis businesses. Our mission is to provide the best quality cannabis products we possibly can for our customers and patients. I am also an owner at High Peak Edibles where we make hand crafted edibles for both the AU and the medical market. I am one of the first caregivers in the state dating back to 2010. I own a medical dispensary, an AU store, 2 AU processing licenses, and a AU cultivation license. Between both companies we have 40 employees with about 20 of those supporting families of their own. I am also a proud member of the Maine Craft Cannabis Association.

I support LD1840. My name and address of my medical cultivation location is posted on the state website. This is a huge security risk and a violation of my privacy. This bill would protect my identity and location of my grow.

This bill also allows for vending of medical cannabis to patients at trade shows or festivals which I fully support and which seems completely reasonable and safe.
