

Lynsey Tamposi
South Paris
LD 1897

My name is Lynsey Tamposi, I am a resident of South Paris, ME, I am a medical patient and I want to see outdoor cultivation of cannabis supported through the passage of LD1897. I want more access to sun grown products and would like to see greater incentives for sun grown, and sustainable/organic farming practices within the industry. Thank you for your time, please vote ought to pass on LD1897.
