Dear Judiciary Committee,  
Thank you for your work on this bill.

We understand the desire to treat everyone equally – everyone has a right to live as they wish, and we believe that no one here is disputing that.

#1 An unfair advantage also does not discriminate. There are competitive events, and an advantage is an advantage, no matter how we see its source.

#2 Should the individuals using private spaces have a say in who enters there? Our philosophies about fairness come in 2nd place to the wishes of those who depend on the privacy of their spaces. Do we want to override their consent?

Passing this bill is about respect for athletes, and not imposing our ideas of fairness upon them without their consent.
