LD 1425

I URGE you to vote OUGHT NOT TO PASS on LD1425, An Act to Improve Access to Sustainable and Low-barrier Trauma Recovery Services. While it sounds really nice that this is to help people with trauma, it is pretty unspecific as to what type of trauma, what kind of help, and why it costs over \$3.4M. Some people are traumatized by thunderstorm, others by someone yelling at them. Is this physical trauma? Is it mental trauma? Are there injuries involved? Is there an overseer of who gets into the program. Who is accountable, except the AG for monitoring this program? What does an AG know about trauma? Too many questions, not enough oversight and not enough controls over this amount of money. I URGE you to please stop the spending of MILLIONS OF DOLLARS of Mainer's money for projects and services with very little controls. Please VOTE OUGHT NOT TO PASS on LD1425. Thank you!
