LD 104

LD 104, as proposed, presents serious concerns for small business owners, individual rights, local communities, etc. The practical effects will be deeply harmful to the people it claims to help.

This bill threatens to increase financial strain, reduce personal freedom, endanger jobs, overregulate small enterprises, etc.

Maine prides itself on being a state that values independence, common sense, and community. LD 104 runs counter to those values. It inserts unnecessary state oversight where there should be trust in individuals and local decision-makers to govern themselves.

I respectfully urge this committee to vote "Ought Not to Pass" on LD 104. Let's preserve the principles that make Maine a place where people and businesses can thrive.

Thank you for your time and consideration.
