

Gregory Herrmann
Boston, Massachusetts
LD 1847

I am commenting to vote NO on LD 1847. This bill would reduce my access to medicine within the Maine program. As a resident of Boston, MA who utilizes the reciprocity system in Maine and bring my expendable income to other state establishments, this bill would greatly affect my future business decisions.

I have also seen how bills and systems similar to LD 1847 & LD 104 ruin medical marijuana programs. MA is a perfect example of that. Many of the medical community utilize the Maine market due to how bad MA has become.
