LD 1806

Dear Members of the housing Committee,

I am writing to voice my opposition to LD1806. I am a small landlord. I live locally and own five residential rental properties in Brunswick.

LD1806 creates unnecessary administrative burden and expenses for landlords. In addition, LD1806 seeks to solve a problem which has not been defined. If passed, the fees an additional burden associated with LD1806 will be passed along to tenants in the form of increased rent.

Please oppose LD1806!

Best Regards,

Rob
