Trans athletes have been included in Maine sports for many years now. It has not been an issue until Trump's recent crusade to take rights away from some US minorities. Most people haven't even been aware that it has been occurring since it has had so little impact. As my Dad used to say, "If it ain't broke, don't fix it." Let's not go backward on the fight for equality for all Maine citizens. I hope my state continues to set an example for the rest of the nation regarding personal rights for all of its people.
