LD 868

I am writing in opposition to LD 868 Banning transgender children from athletics, changing rooms, and housing in schools. I am not sure when the last time the authors of this bill were in a locker or rest room but there are no open showers, bathrooms, etc. This past weekend I had the honor of volunteering at OutMaine's Rainbow Ball camp. I was in a cabin with 12 high school seniors. Boys and girls alike, whether CIS, trans, gay, or straight, all went to private closed spaces to shower, change clothes, and toilet. This bill is a solution looking for a problem that does not exist, thus my opposition.
