Union  
LD 1432

Hello Maine Legislature.

My name is Julie, I live in Union Maine and I oppose LD1432 and urge you to vote no on this proposed bill. Removing gender identity from the Maine Human Rights Act is harmful and sets a standard for controlling humanity in a way that infringes on our human rights enshrined in the constitution. The solution is clear, rejecting this bill and proceeding to protect Mainers human rights in all ways and not ones based out of the current political tide. I appreciate your time. Thank you.
